

# THE BOB DWYER FISHING CLUB

## NOVEMBER 2008

---

### President's Corner

Well, this year has sure passed by quickly! It is almost *Thanksgiving and deer season* is once again upon us. It was a pretty successful trout fishing season for many of us. The lines have been cast, fish caught, fish missed and the contest(s) for the *trophy chases* have been settled for yet another season or year - 2008.

The "*BDFC Trophy*" was won by one of our younger members, **Brian Grimes**. His first club trophy of many to come (I am sure), a **24 1/4"** brown trout caught out of the East Branch of the Delaware River. Incidentally, his trout ranks amongst the largest caught in the club since its inception (1970). The "*Perry Dimmick Trophy*" went to none other than your BDFC president **Dave Dimmick**, for the **17 1/4"** brook trout he caught out of Stratton Falls. The "*Ray Williams Trophy*" went to **Peter Snetzko**, who's **17 3/4"** brown trout bested all others caught during our final week. Peter, our club *Treasurer* finds himself joining the ranks of club trophy winners for the first time as well. I would like to extend congratulations on behalf of the club to each of our trophy winners.

It was another very successful Fall dinner/meeting for the club. The dinner was great, as was our host **Gary Simmons**. Gary, thanks for a job well done and for a continued, long lasting association with the Bob Dwyer Fishing Club.

Eat, drink and be merry, all at the same place and no driving to and from a bar/restaurant required. How much better could it be?

**Brian Grimes with his BDFC Trophy winning Brown**

---

**Presidents Corner** (continued)

Gary's new addition, "The Kitchen" seemed to be a great success as well.

For your information, the Bovina area received a *record setting* 24 inch snowfall on October 28th barely a month after our outing at the Mountain Brook Inn.

Here in the Western Southern Tier of New York, we had four seasons of weather in the month of October alone with temperature extremes as high as the low 70's and as low as the mid 20's. That's the fun of living in New York.

I went trout fishing in the Cohocton River on Friday, November 7th and had a great time catching trout from eleven to sixteen inches. That is the best I have done on that stream, this late in the year. And to answer your question, "Yes" ... the Cohocton is open all year.

Before I close, I would like to remind everyone that your dues for 2009 will be due by March 31, 2009. So please send a check to Peter as soon as you get your notice. As of mid October we still had a few individuals who had not paid, but they were contacted and arrangements were made to do so.

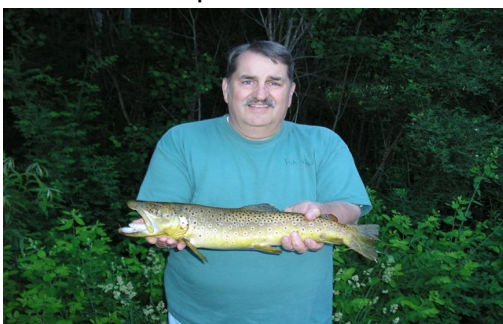

Everyone have a great Holiday season; Stay healthy, safe and try to wet a line now and then if the situation presents itself.

**Peter Snetzko with his Trophy Winner 09/27/08**

**Mountain Brook Inn - one month later 10/28/08**

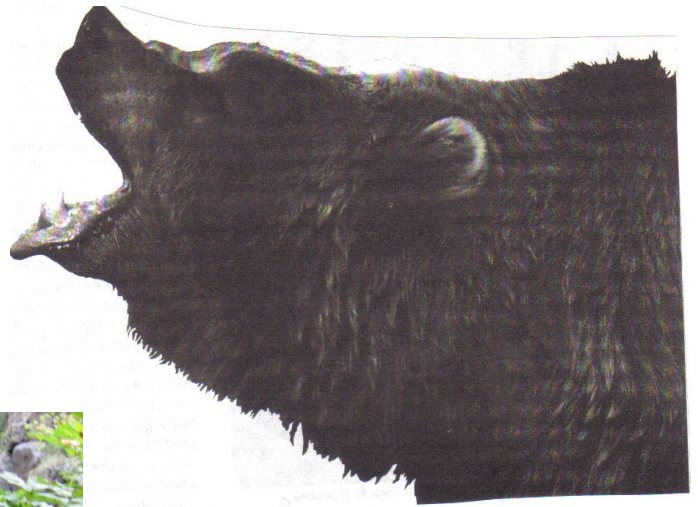

*ve Dimmick*

**President  
BDFC**

"let the games  
Begin"

then we got "geared" up

and after the proper approach was made

then the "catch" ... way to go Jimbo

( 3 of 8 )

Look ... Someone else snuck into the hole

not bad Bob

did you see those turkey on that hillside?

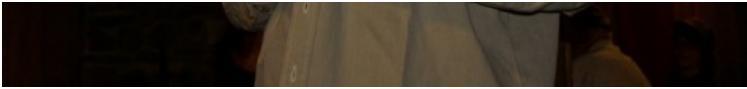

Speaking of turkeys

... and more

... and even more

( 4 of 8 )

Gary's at it in the kitchen

and Gordan's out rounding up the guests

the word spreads quickly

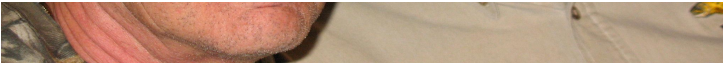

come "one" ... come "all"

are they calling us for dinner?

I think so

( 5 of 8 )

---

and everyone dressed up in their finest

well ... most everyone

they came from: "far"

and: "wide"

some: "distinguished"

some: "not"

( 6 of 8 )

some: handsome

some: "I'm not going there"

we had a very serious meeting

and some very serious eating

had some fine wine

and some fine "pitch" games

( 7 of 8 )

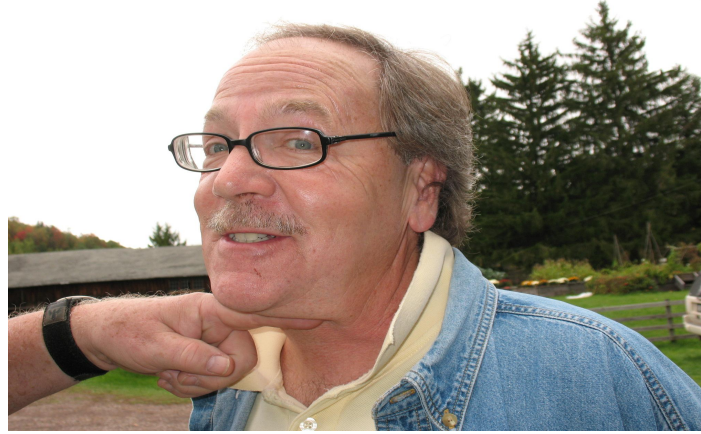

these guys didn't play

these guys played until 3:00am

we finished with breakfast

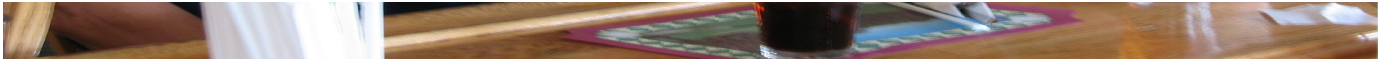

bade farewell to Gary

and headed off to the 19th hole

**Happy Thanksgiving to all,**

**Jon Dwyer - Publisher BDFC**
